
RESET STORAGE

Product Specification Sheet

DESCRIPTION

The Reset Storage family is a sleek, sustainable multi functional storage solution for modern interiors. Featuring smart handle details hidden in the vertical lines of the solid oak doors. Inspired by architectural lines, Reset combined a document cabinet and a media dresser. The Dresser is an ode to pure craftsmanship. Choose between different heights , widths and finishes to create the perfect storage. Restore has adjustable shelves and a clean, timeless uncluttered aesthetic.

Including sustainable 130 degree hinges.
This highly practical storage solution can also act as an effective space divider within an open plan environment.

All our wooden Sideboard & Cabinets are made to measure and can be manufactured in custom sizes.
