

SHUFFLE MODULAR LINE

Product Technical Specification

DISCRIPTION

The Shuffle Modular Line combines smart production techniques with traditional, first-class furniture craftsmanship in a timeless and characterful design.

The collection easily accommodates the demands of modern interiors for flexibility and it has been designed with respect for the raw materials. Smart frame technology – Where standard sofas are generally right-angled, square and predictable, the Shuffle offers the architectural freedom to challenge or tackle any type of room. The Shuffle Line uses smart frame technology offering the possibility to efficiently achieve almost any conceivable organic model.

With the freedom to create a visually expressive environment, Shuffle meets a range of requirements for private and public spaces with its various seating modules, hockers and table options. Available in numerous textiles, the Smart Frame Technology allows the modules to be combined flexibly to create unique seating landscapes.

With its rich upholstery and beautiful wood elements, the Shuffle is perfect for creating a homely atmosphere.

SPECIFICATIONS

Body
Plywood, Foam and Fabric

Base
Walnut veneer, Oak veneer or HPL

Tech
Qi Integration, Powersupply

MATERIALS

Eco plywood
High Resilience Foam
Fabric

Technical Integration Features

*Integrated in the tabletop.
(Not possible in combination with
the Shuffle pouf)

COMPATIBLE WITH Qi WIRELESS CHARGING

As mobile work moves around, it often needs to spread out at universities, in hotel rooms, even in creative business environments. This unique work lounge creates a comforting personal space for phone calls.

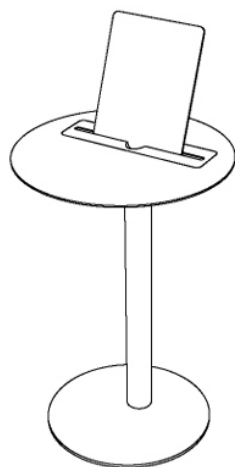

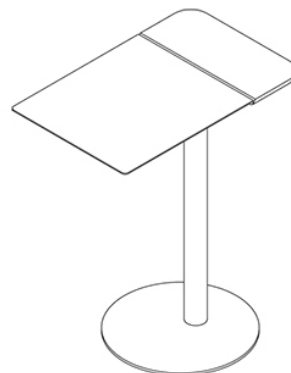

Fast Wireless Charging

Embedding invisible smart technologies Beautifully crafted and functional Spell designs is most certainly moving along with the innovations of our time. With easy access to wireless power, we keep ourselves connected and our batteries charged.

COMPATIBLE WITH SPLITSCREEN LAPTOP TABLE

The matching Splitscreen Laptop table provides the ideal angle to work on your laptop or tablet and to get things done.

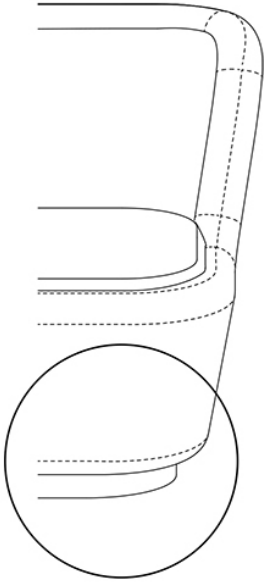

COMPATIBLE WITH NOMAD TABLET TABLE

The matching Nomad Tablet Table provides the ideal angle to work on your tablet.

Base Features

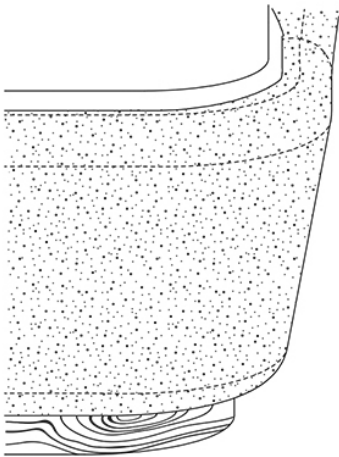

* The displayed Pair Wing Sofa base is made out of Walnut

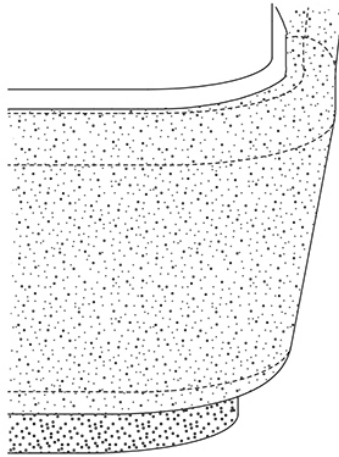

This collection allows you to mix and match endlessly, or as we say: to shuffle.
Select the desired model, choose the textile, and select the base element.

If you select the model with a tabletop; the wood will be the same in both configurations

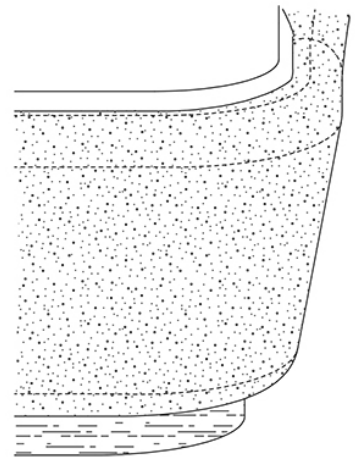

Walnut veneer laminates

Select the wood base accent of your choice.

Social

MODERN TRIBES

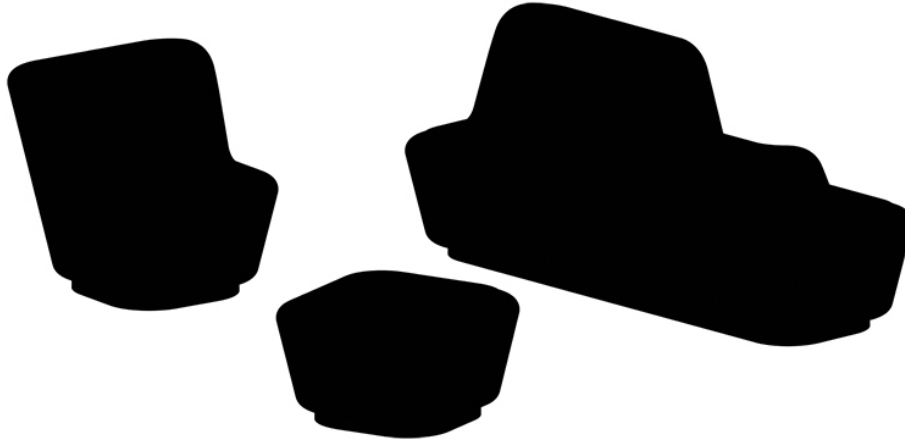

The best workplaces, are places where work is not soulless or demeaning, but where we can find meaning and purpose.

And when we find this, we find that it's not just about personal satisfaction. It involves a sense of community, of participating in something bigger than ourselves. In that sense, work is "the nomadic tribe of our modern culture."
